Blackboard Student Registration
Blackboard Integration allows students to register response device ID numbers for tracking purposes.

1. Students must log into Blackboard using their network credentials.
2. Select a course, from the Navigation Pane click on Tools.

3. From the Tools Menu and click on TurningPoint Registration Tool.

4. From the TurningPoint Registration Tool window, select Register ResponseCard and enter the Response Device ID number and click on Register.

5. When finished Log out of Blackboard.
